Range Safety and Club Rules

- When on the shooting line on the practice range, always look to your right, left, and down range to ensure that the range is clear before loading an arrow or heading down range to recover shot arrows.
- Never fire in the direction of another shooter or into the air where an arrow can possibly hit someone.
- Before moving down range to recover shot arrows, if other shooters are present, give a loud and clear "All clear" and verify that other shooters acknowledge the command and agree.
- No open fires or camping is permitted on range
- No Firearms on range ... we are a BOW club not a SHOOTING club
- For emergencies call 911. Let them know your location is range K23
- For security issues contact 882-2000 and advise them of the situation, and email the corporate office at choctawbowmenarcheryclub@yahoo.com or contact us via Facebook messenger.
- Do not interface with any kind of wild life while on range. Eglin has very strict rules on wild life that we must adhere to.
- Close and lock the gate after every entry and exit, and ensure lock is locked with combo numbers spun (so that the combo isn't left on the lock)
- Keep membership card (temporary or permanent) on you at all times when using the range.
